

Praise Reports – October 2023

October 31st

Doug - In August I asked for prayer for an elderly friend, Ken, who was in hospital due to diabetic sores that were incredibly painful. The nurses at his LTC were unable to change his bandages due to the extreme pain. Since then, the sores have improved, Ken is back in his Long Term Care facility, and due to medication he is able to not only endure the bandage changes, but carry on phone calls while that is going on! His faith has been improving as he sees the Lord moving in his life. His over all attitude has remarkably improved to those around him and he appears to now be enjoying the twilight years!

He spared me from getting a \$325 ticket for turning left on a red light at Fisher and Meadowlands. I came to Wednesday night prayer and the pastor prayed that there would be a glitch or a malfunction with the camera and it would not take my picture. Praise God I did not get a ticket!

Amy - I had submitted a prayer request roughly 8 weeks ago in regards to my spouse and the devils hold on him through addictions. After 5 weeks of personal deep prayer and worship along with the churches prayers, my spouse has entered into a rehab centre to overcome his addictions. I will always and forever be so grateful for Jesus and our church. The prayers were felt!

Last year, I got a leadership position at one of the biggest companies worldwide. It was truly the hand of GOD since I wasn't really qualified for that job but I knew that GOD had favored me. Fast forward, months later,

the attacks from the evil one felt like they were coming from all sides so I had to leave that position. I was so down, brokenhearted but I kept applying elsewhere by faith. I went on so many interviews where it seemed promising but I always received the same feedback that I was "too qualified". So I went from "not qualified enough" to now receiving negative feedback of "overly-qualified". I said enough is enough. I prayed like my life depended on it. And now I am here to give all glory to JESUS!!! The author and finisher of my faith. I finally received my congratulation letter from several companies with amazing salary offers. What GOD cannot do, does not exist!!!

Ruddy - God performs miracles! Please help me give Thanks and Glory to God for helping me to finally obtain my Permanent Residence in Canada. I've been going through an extremely challenging and complicated immigration battle over the past 5 years. I was rejected twice. Even my immigration lawyers told me it would be impossible for me to obtain my PR. But God is an AMAZING GOD. He made a way where there was no way. He is forever faithful and generous to His children! He performed this miracle for me and I would like to show my heartfelt gratitude and appreciation for His everlasting Grace and mercy! Thanks for praying with me Bethel Church! God Bless you!

Olivier - I'm partaking in a Focus Program in school, where I'm required to do a Co-op/internship for the rest of my semester, but I searched for two weeks, and none of the organizations where I applied for a Co-op were willing to take me, since I was either too young ,or I didn't have enough experience. I was stressed out, since everyone one of my colleagues had already started their coops, and I was the only one who was behind. I Prayed to God, and asked Him to make a way, and that was when I kinda felt like giving up, but until an organization where I first sent a request letter, but never got a response from, called me after I tried calling for a follow-up, and they connected me to their Supervisor. After almost two good weeks of crying & begging God, He made a way & I was finally accepted to be a Co-op Student to this supervisor, on the same week of the call, and now I'm starting my Co-op Tuesday October 3rd!! Truly, there is nothing our God cannot do, if you whole-heartedly trust in Him in the midst of struggles, He'll make a way for you too!
