I am thanking God that I received Christ as my Savior at Bethel on April 14th 2024. A day I will never forget. I'm expecting a baby and had my first Ultrasound and I received bad news about my baby having Ventriculomegaly on the left side of the brain. I was devastated and scared but after praying at Bethel Prays on Wednesday then that Sunday Pastor Sandra preached about how God sees me and my baby, I felt a heavy burden lifted off my shoulders. I said to myself that God was still creating my baby and he still is and if He sees me and if you are also praying for me, then why should I worry. My recent ultrasound sound was done by a specialist to focus on only my baby's brain and guess what, both ventricles of my baby are perfectly normal and below threshold. The Doctor was surprised and asked who did the previous ultrasound because nothing was wrong. This is a miracle. Thank you!

Harriet - A few months ago in devotions I prayed about sudden abnormal pain in my body and I knew I needed to seek a professional.....Last week I finally found a Chiropractor and I am currently unemployed and looking for a wonderful job. I attended my appointment prepared to pay and the Chiropractor gave me free Xrays and has began my physical therapy treatment (total value nearly \$8,000). The Chiropractor is a Christian and he told me that God told him I would come and he would help me free of charge. I have had several sessions and immediately I am feeling great relief and overwhelmingly thankful for the blessing and favour of the Lord upon my life.

April 24th

Rhema - I was concerned about my job because of employment cuts and budgetary concerns we saw coming when I attended the March Mega prayer. I prayed for work security, but more than that, I prayed for faith and trust in the Lord, knowing that He would take care of everything no matter what happens. Still anxious, but (Put my mustard seed faith in action)!

Exactly one month later, there was a significant organizational restructuring that resulted in the closure of a sister company in a different location, loss of many jobs only with the exception of my department. I'm sharing this to uplift and encourage everyone: stretch your faith in the Lord, let go of your worries and limited human intelligence. Surrender it all to Him. JESUS will never let you down.

March 2nd

Venice - have been praying so hard and asked my Bethel Family to pray for me to receive a career change. My Lord Jesus heard my prayer and truly answered in His perfect timing. But throughout my time of waiting I got anxious. There were verses that kept rolling through my thoughts to help me understand the way of our Lord. The verse from Matthew 7:7-8 - 7 ("Ask and it will be given to you; seek and you will find; knock and the door will be opened to you. 8 For everyone who asks receives; the one who seeks finds; and to the one who knocks, the door will be opened.) And knowing that God wanted me to ask him Isaiah 40:31 (But they that wait upon the Lord shall renew their strength; they shall mount up with wings as eagles; they shall run, and not be weary; and they shall walk, and not faint) was my source to know what I needed to do and be when I ask. Today I am truly happy with all my heart to share with you all that, I will start my new job my new job tomorrow March 4!!!! YEAH!!!

I am so happy to know that I have a church family that stands with me.

Thank you Jesus!
